

## Caps Lock Status : Tooltip generator to tell the the

### Current status of Caps Lock Button

-by Kamal Awasthi(<https://github.com/KamalAwasthi>)

An autohotkey script to indicate the current status of CapsLock Button on each press of the button, by the means of a Tooltip.

**For Autohotkey Users:** [ahkfiles\Caps.ahk]

**For Non-Autohotkey Users:** [exefiles\Caps.exe]

### **Instructions:**

- Download the .zip file and extract.
- Go to the destination folder, and open the folder as described above.
- Double click the 'Caps.exe(/.ahk)' file.
- It will add a shortcut to the startup so that the script runs automatically on every boot.
- Press the CapsLock Button to see the tooltip.
